

# City Manager Report June 6, 2017

City Council Meeting

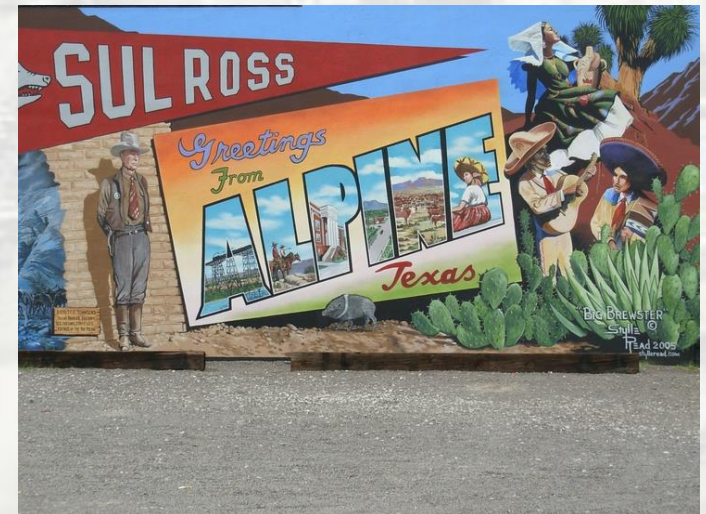

# Paving Update

- Progress in Carpenter Addition
  - Approaching completion
- Will address Sul Ross Avenue next
- Followed by 7<sup>th</sup> Street between Brown Ave and Ft. Davis Ave
- RFQ went out for streets between Holland and Sul Ross Avenue in downtown corridor
  - No attendees to pre-bid meeting yesterday

# Mural(s) Update

- Grant for mural on water tank at Kokernot Park
  - Jan Mueller, Patsy McWilliams and team working on final design and implementation
- Style Read working on design for mural facing south at Civic Center
  - Will need to make some adjustments to surface to get good adhesion
  - Budget in this fiscal year

# Adopt-A-Spot Program Update

- Renewed interest in program with new participants
  - Railroad Park: general clean up and re-vegetation, contemplation of use of caboose
  - Kokernot Park Pool – new vegetation around perimeter of pool, new furniture
- Continue to encourage others to be a part of the program – great way to make an impact in our community

# AEP Transmission Line Update

- Driving out to Ft. Stockton you can see much of their replacement work
- Following same route as before with exception in close proximity to Animal Shelter – map on next slide
  - New route is designed to avoid some of the structures
- Goal is increased reliability

# Landfill Update

- Recent media coverage on activities at Landfill
- TDS Representative Jay Howard has been asked to reach out individually to Elected Officials in effort to communicate
- Offending company has been 'banned' from use of the City of Alpine landfill
- City of Alpine does receive a portion of the revenues tied to individuals and companies taking trash and debris to the landfill
